SOLCIETY IS A
MULTIPLANETARY
POLITICAL PARTY.

SPOONING

THE POLITICAL PARTY
OF THE DEGEN

IT'S ELECTION YEAR, THE TIME WHERE ALL OF YOUR (LEAST) FAVOURITE POLITICIANS COME AND DESTROY THEIR DIGNITY BY BEGGING FOR YOUR VOTE. INFLATED ON DONATIONS FROM MEGA-CORPS AND BILLIONAIRES.

Fiat currencies are outdated — don't let your bags get derailed by the dumb decisions of dictators and “democracies”. Forget the false promises of presidential candidates, It's time for a new type of **PolitiFi Solciety**.

Whilst they're busy pegging the petro-dollar & building BRICS, we'll be making *Magic InTErNet Mon3y*. Solciety, 1000x? Yes Sers: it's pegged to the only real one world currency, *attention*.

In a world full of screens and vision-goggle headsets, it's not what you say but how much **attention** you can get whilst saying it. Never underestimate the power of the meme.

On a planet where public forums operate on the basest level of human interaction, views & vitriol reign victorious... **Memes will get us there**.

TOKENOMICS

UNLIKE THE FED, YOU GET TO LOOK UNDER THE HOOD AND SEE HOW THE SOLCIETY ECONOMY WORKS.

Here's a look at the breakdown of the total supply of 10 billion (10,000,000,000) SLCTY

30% Presale (3 billion tokens)

For our grassroots supporters: those who join Solciety in the presale get a slice of this allocation.

20% Marketing (2 billion tokens)

Success in the attention economy is all about eyeballs, and we've set aside the funds required to turn the head of every Degen.

10% Rewards (1 billion tokens)

We've allocated these tokens to power the Meme Campaigner: a financial incentive to keep the great meme machine pumping out the goods.

3% Dev (300 million tokens)

The devs are our original party members: Solciety wouldn't exist without them. This is their reward.

5% Partnerships (500 million tokens)

Strategic partnerships make the world of PolitiFi go round, and your network is truly your net worth. Nothing but the best partnerships will fly.

15% Treasury (1.5 billion tokens)

A sustainable Solciety depends on strong fiscal planning and contingency. These tokens ensure we're all covered, no matter what comes our way.

17% Liquidity (1.7 billion tokens)

The liquidity allocation keeps the gears of the market greased, ensuring smooth trading when SLCTY hits the market.

ROADMAP

READY FOR THE CAMPAIGN TRAIL? OUR JOURNEY TO THE WHITE HOUSE OF CRYPTO IS GOING TO BE A BLAST. EXPECT LOTS OF BABY KISSING.

DEGEN DEMOCRACY? FEELS GOOD, MAN.

PHASE 1 PRESALE

Grassroots campaigning begins: we grow our base with a fast-moving presale. Influencers and Partnership campaigns.

The Mememaker will pay you in presale tokens to share memes. Fire up that propaganda machine.

SO JEALOUS. I WISH SOLCIETY WAS ON ETH :)

PHASE 2 LISTING

Solciety opens up to the public purse shortly after the presale ends.

I BUILD ROCKETS, I KNOW ONE WHEN I SEE ONE 🚀

PHASE 3 AR INTEGRATION

The Meme Campaigner comes to life as you bring your memes into the real world.

THIS COULD GO EVEN HIGHER THAN MY WALL!

PHASE 4 LAUNCH A SOLCIETY POLITICAL CANDIDATE

We will Launch an IRL candidate in an election near you. One lucky community member will be funded to run, with the promise of ensuring Solciety Coin becomes legal tender in their country.

TOKEN BURN

LIKE ALL GREAT POLITICIANS, THEY START-OFF WELL LOVED UNTIL THEY'RE EVENTUALLY HATED AND PUBLICLY LYNCHED OR ASSASSINATED.

ONCE WE REACH 1 MILLION MEMES MADE AND DISTRIBUTED THROUGH THE MEME CAMPAIGNER WE WILL COMMENCE A TOKEN BURN. IT'S TIME TO PUMP THE VALUE OF PROPAGANDA AND TURN MEMES INTO MILLIONS.

***DISCLAIMER**

Solciety is a political memecoin movement for the degens. We are a community backed project funded by anon wallets. This election year, we have the power.
